# EVA PRIMER 2303

## CAUTION

## SPECIFICATIONS

APPEARANCE	Colorless transparent liquid
MAIN COMPONENT	Modified PU
SHELF LIFE	6 months
REMARKS	Toluene-free

1. Keep away from flammable materials and store in a well-ventilated place.
2. Keep tightly sealed when not in use.
3. The drying efficiency may vary depends upon setting of an oven temperature and the speed of the conveyer.
4. See Material Safety Data Sheet (MSDS) before using.

## DESCRIPTION

EVA PRIMER is used as pretreatment before printing (Screen/pad printing) for die cut EVA, moulded EVA & Hawai. Primer is Toluene-free type primer.

## DESCRIPTION

After applying EVA primer, EVA material either pass through oven at 50°C- 55°C for 3-4 minutes or dry it naturally at room temperature for few minutes, then do printing.
